1A. Planning – Core Questions

1. What is the **purpose** of my website?

To teach Maths concepts through cute, colourful stories.

2. Who is the **target audience**?

Students, teachers and parents.

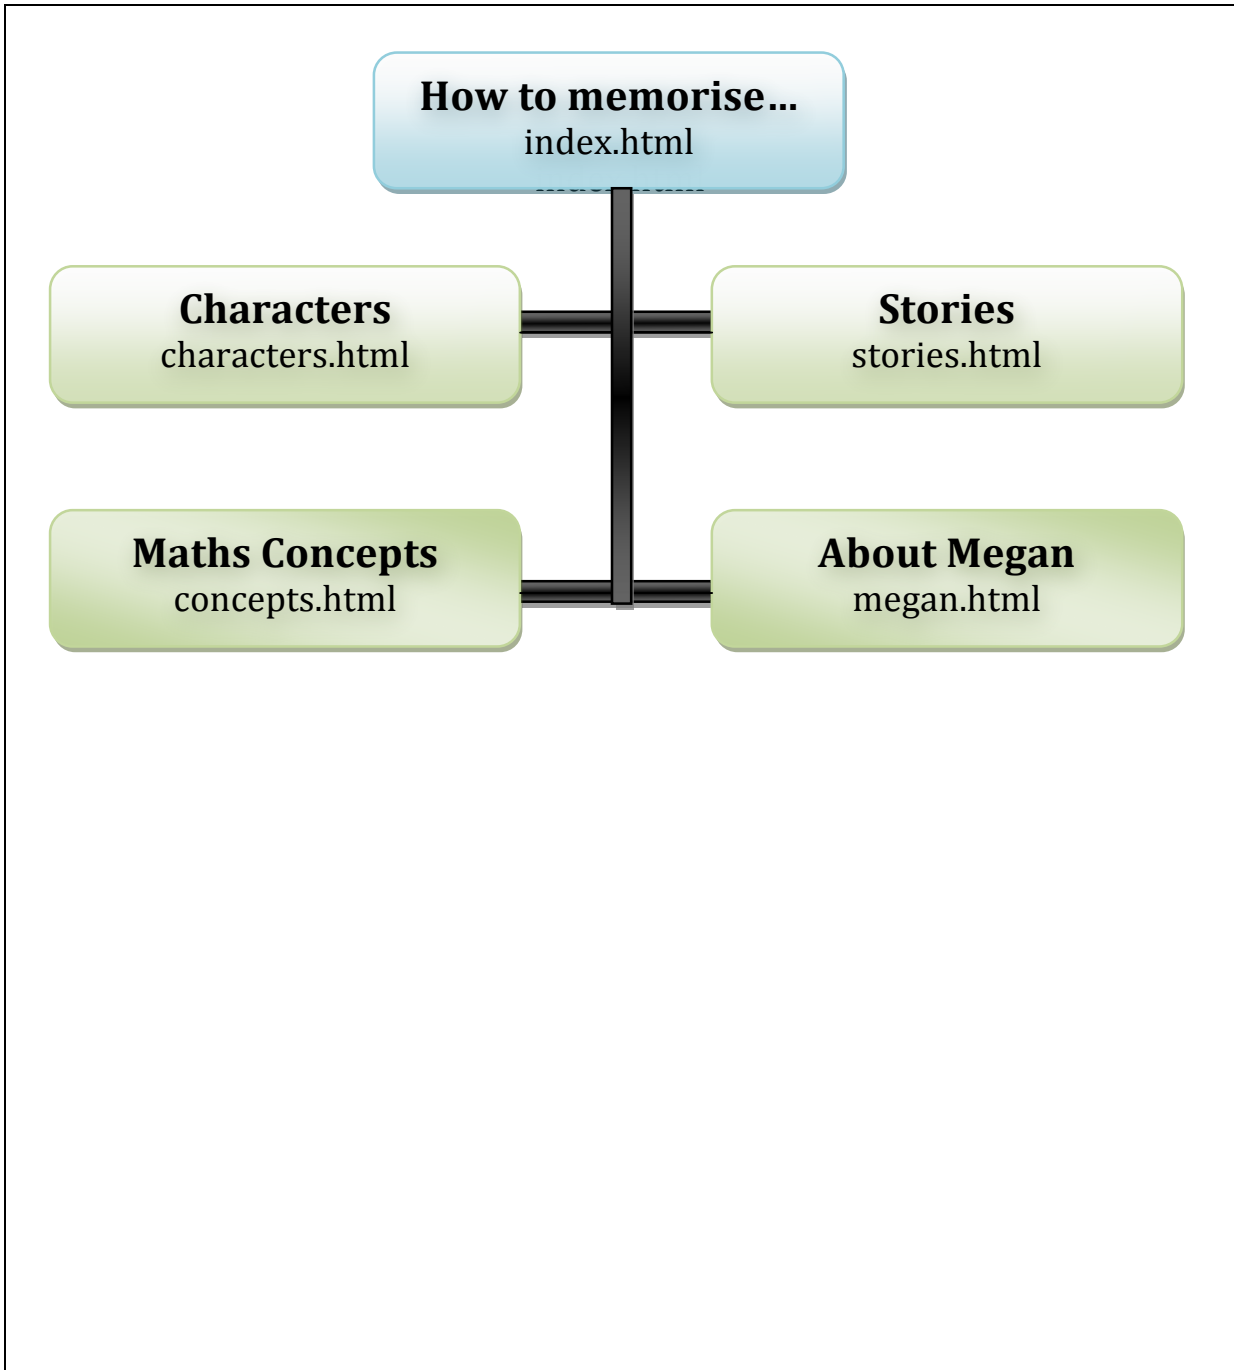

3. What is the **image to portray**?

Cute, colourful, interesting way to learn Maths concepts.

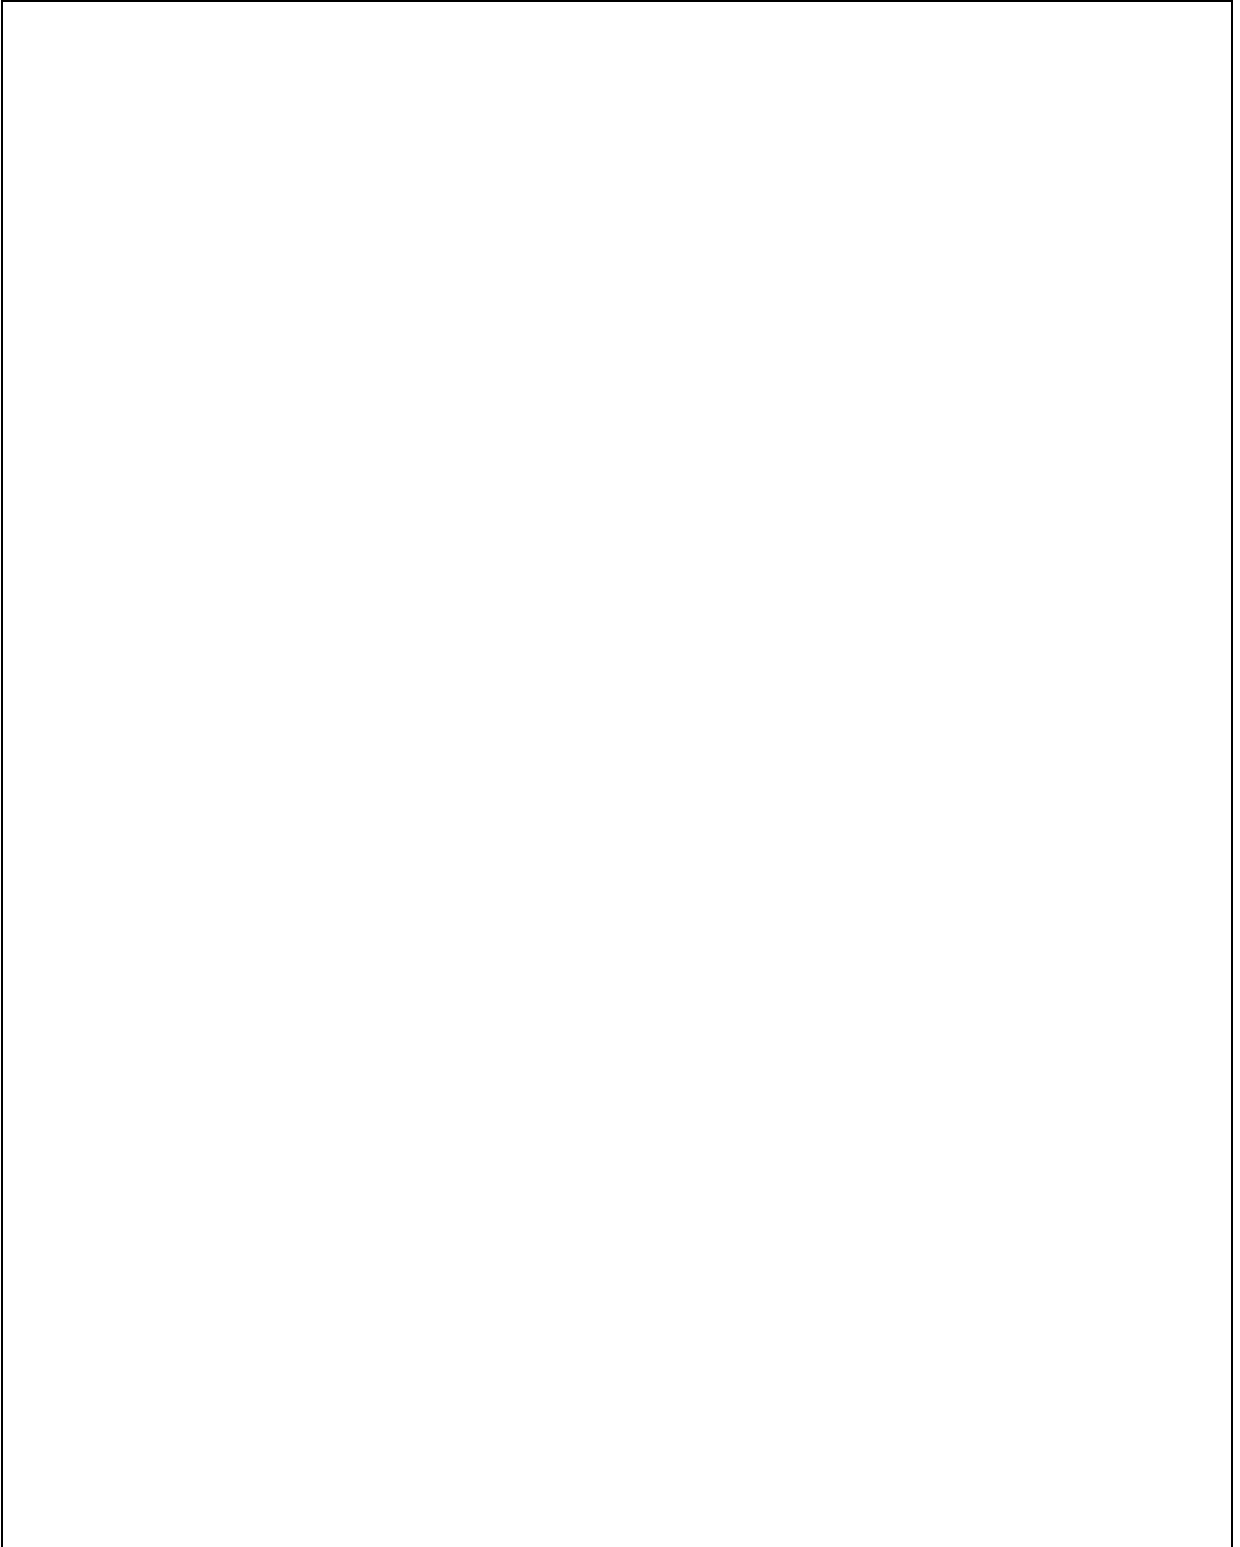

4. Additional Description / Notes

More will be added as Flash animations/music videos and a gallery is created.

1B. Planning – Site Map

2A. Design – Layout (Wireframe)

2B. Design – Colour

Reasons for colour scheme:

Green represents grassy background, yellow as highlight represents sunlight shining over the grass.

The main target audience is students. Students would enjoy a calm, colourful website which matches that of the Maths stories on the site.

2C. Design – Font

Banner Font: Image
Navigation Font: Image
Heading Font: *Comic Sans MS*
(CSS)
Body Font: Verdana (CSS)

Reasons for font scheme:

The banner and navigation fonts are images to imitate the style of the Maths stories. The heading font is smooth and curvy, making the site comfortable to the eyes of viewers. The body font was chosen as it is the less 'serious' font out of the list of web-safe fonts.

2D. Design – Mockup

Design Inspirations:

1. Cartoonish
2. Full of colours of nature
3. Neopets

Final Mockup:

3. Coding
